

OtO Photonics

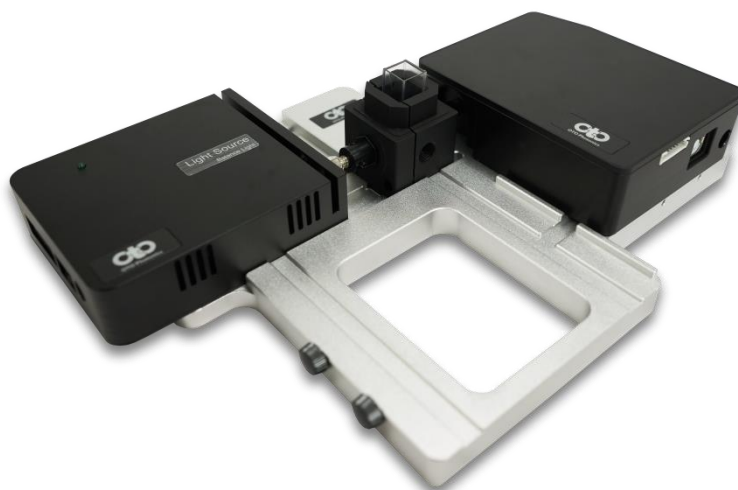

Spectroscopy Accessory Kit

PKG-SE12-DH

PKG-SE12-BA

OtO Photonics offers several spectral measurement accessory kits suitable for diverse environments such as optical measurement education, research laboratories, and analytical applications. These kits provide a comprehensive set of components for performing measurements including absorbance, transmittance, fluorescence, color, and concentration. The modular platform is designed for mechanical stability, ensuring a reliable measurement environment for users. This accessory kit is compatible with the following OtO light sources: LS-HA, LS-BA, and LS-DH-2. For spectrometers, it supports the OtO Smart Engine series, Eagle Eye series, and SideWinder series.

OtO Photonics

Spectroscopy Accessory Kit PKG-SE12-DH

■ PKG-SE12-DH

Accessory	PKG-SE12-DH	
	Model Name	Quantity
Light Source	LS-DH-2, Deuterium-Halogen	1
Spectrometer	SE1020 (option)	1
Collimator	COL-1	1
Short Fiber	OF-S-1000-A	1
Fiber Collimator	COL-OF-S	1
Adapter	SMA905 Connector	1
Cuvette Holder	CH-4W	1
Quartz Square Cuvette	CVT-QAZ	1
ND Filter	ND Filter (15%, 50%, 75%)	1
Measure Platform	MF-4/MF-5	1
Waterproof Enclosure	WR-12	1
Measurement Software	SpectraSmart	1

OtO Photonics

Spectroscopy Accessory Kit PKG-SE12-BA

■ PKG-SE12-BA

Accessory	PKG-SE12-BA	
	Model Name	Quantity
Light Source	LS-BA, Balance Light	1
Spectrometer	SE1020 (option)	1
Collimator	COL-1	2
Short Fiber	OF-S-1000-A	1
Fiber Collimator	COL-OF-S	1
Adapter	SMA905 Connector	1
Cuvette Holder	CH-4W	1
Quartz Square Cuvette	CVT-QAZ	1
PMMA Square Cuvette	BK-1961	1
RGB Filter	RGB Filter	1
ND Filter	ND Filter (15%, 50%, 75%)	1
Measure Platform	MF-4/MF-5	1
Waterproof Enclosure	WR-12	1
Measurement Software	SpectraSmart	1
